TITLE: In Support of Tribal Nations that Pursue the Development of a State Education Agency

WHEREAS, the National Indian Education Association (NIEA) was established in 1970 for the purpose of advocating, planning, and promoting the unique and special educational needs of American Indians, Alaska Natives, and Native Hawaiians; and

WHEREAS, NIEA as the largest national Indian organization of American Indian, Alaska Native, and Native Hawaiian educators, administrators, parents, and students in the United States, provides a forum to discuss and act upon issues affecting the education of Indian and Native people; and

WHEREAS, through its unique relationship with Indian nations and tribes, the federal government has established programs and resources to meet the educational needs of American Indians, Alaska Natives, and Native Hawaiians, residing on and off their reserved or non-reserved homelands; and

WHEREAS, Congress has authorized appropriations for Tribal Education Departments and Agencies (TEDs) through U.S. Department of the Interior (DOI) since 1988 and U.S. Department of Education (ED) since 1994; and

WHEREAS, in these authorizations, Congress granted TEDs the ability to facilitate tribal control over education, coordinate education programs, develop and enforce tribal education codes, policies, and standards, and provide support services and technical assistance to schools and programs; and

WHEREAS, the current model of education management and execution has created a school system that is ineffective and lacking in success that matches the potential of our Native students; and

WHEREAS, for too long education has been dictated by bureaucrats from outside Native communities and without giving voice to our students, families, and schools most effected by the success of the education system; and

WHEREAS, the Navajo Nation has taken steps address systematic failures for Native students by establishing a State Education Agency (SEA) to control, manage and operate all education programs within its nation, as laid out in the Sovereignty in Navajo Education Act of 2005; and

WHEREAS, the Navajo Nation currently authorizes and oversees 66 Bureau of Indian Education schools and residential programs throughout the reservation and in areas near the reservation that serve nearly 15,000 Kindergarten through 12th grade; and
WHEREAS, the Navajo Nation also has authorized and operates pre-kindergarten programs, a scholarship program, JOM program, rehabilitation residential program and two tribal colleges; and

WHEREAS, NIEA supports the exercise of educational sovereignty by tribal nations and acknowledges the research that supports such efforts to improve educational outcomes and identity; and

WHEREAS, the Navajo Nation and all tribal nations have an inherent right to pursue the education goals and aspiration of its people and government, including the pursuit of becoming a State Education Agency.

THEREFORE BE IT RESOLVED, that the National Indian Education Association (NIEA) supports the Navajo Nation, and all tribal nations, that take steps to become a State Education Agency and its contracting of management level functions at the national and tribal district level; and

BE IT FURTHER RESOLVED, NIEA urges DOI and ED, as part of the United States Government, to fulfill the federal trust and treaty responsibility to provide full and adequate funding for such endeavors and to not seek to block the exercise of tribal education sovereignty; and

BE IT FURTHER RESOLVED, that if a tribe chooses to establish an SEA, NIEA urges DOI and ED to transfer all recent expansion of positions through the Bureau of Indian Education reorganization and to assure that all additional funding associated with such new positions transfers to such tribal nations; and

BE IT FINALLY RESOLVED, that this resolution shall be the policy of NIEA until it is withdrawn or modified by subsequent resolution.
